

Recommended Usage	Professional
Sensor Type	Premium Electrochemical Fuel Cell
Accuracy	Conforms to Australian Standard AS3547
Range %BAC	0.000 - 0.500
Display	LED
Warm-up time	15 seconds - 2 minutes
Breath Sampling Time	5 seconds
Temperature	Operation 5°C - 40°C Storage -10°C - 50°C
Housing	Shock Resistant Plastic
Weight	85 grams (with batteries)
Power Source	2 x AAA 1.5v Alkaline Batteries
Dimensions	108cm x 47cm x 17cm
Warranty	12 Month Limited Warranty
Recalibration Period	Every 12 months or after 500 tests, whichever comes first
Memory	10 tests with day/minute counter
